

# Questionnaire on joint study programmes and their role in the institutional

## Introduction

This short questionnaire aims to collect some basic data on the joint study programmes implemented by your higher education institution and their place in the process of internationalisation of your institution.

We kindly ask for your collaboration by providing us information concerning your HEI as a whole.

In case you are not the appropriate person to provide the answers, please forward this request to the relevant service within your institution.

# Questionnaire on joint study programmes and their role in the institutional

## Definitions

Please note that for the purpose of this study:

Higher Education Institution (HEI) means: an establishment providing higher education and recognized by the competent national authority of a participating country as belonging to its system of higher education.

Joint study programme means: a study programme which curriculum has been jointly developed and agreed upon by two or more higher education institutions and is regulated by a specific institutional agreement. Students undertake defined periods of study in at least two of the institutions participating in the joint study programme. At the end of the program, the students are awarded a degree and diploma – single (issued by one HEI only), double (issued separately by two HEIs), multiple (issued separately by more than two HEIs), or joint (a single document confirming qualification signed by awarding HEIs).

European country means: 27 Member States of the European Union, Norway, Iceland, Liechtenstein, Switzerland and: Croatia, Turkey (as candidate countries taking part in the LLP programme).

## Purpose of the questionnaire and use of data

Please note that data collected through this questionnaire will be used only for the purpose of the project. Data analysis will be used by institutions acting as National Structures for planning and implementing adequate measures to upgrade knowledge on joint study programmes and to improve their use as facilitators of internationalisation in higher education in a given country.

## Background information

**1. Name of the institution (in English):**

**2. Name of the institution (in local language, please use the latin characters):**

**3. City:**

**4. Country:**

# Questionnaire on joint study programmes and their role in the institutional

## Background information

### 5. Profile of the institution:

- University of Applied Sciences
- Research University
- Other (please specify)

### 6. Type of the institution:

- Public
- Non-public

### 7. The level of studies provided by the institution:

- First cycle (e.g. bachelor degree)
- Second cycle (e.g. master degree)
- Third cycle (e.g. PhD degree)

### 8. Position of person filling-in the questionnaire

### 9. Web site:

# Questionnaire on joint study programmes and their role in the institutional

## Size of the institution:

### 10. Number of employees (full-time equivalents)

Academic staff

Administrative staff

### 11. Number of students:

Full-time

Part-time

## Internationalisation strategy

### 12. Does your institution have an internationalisation strategy?

- Yes – as a specific internationalisation strategy statement
- Yes – as part of an overall strategy statement
- No – it is not specified in any official document

**Internationalisation strategy**

**13. Please, quote Web address of the related document(s):**

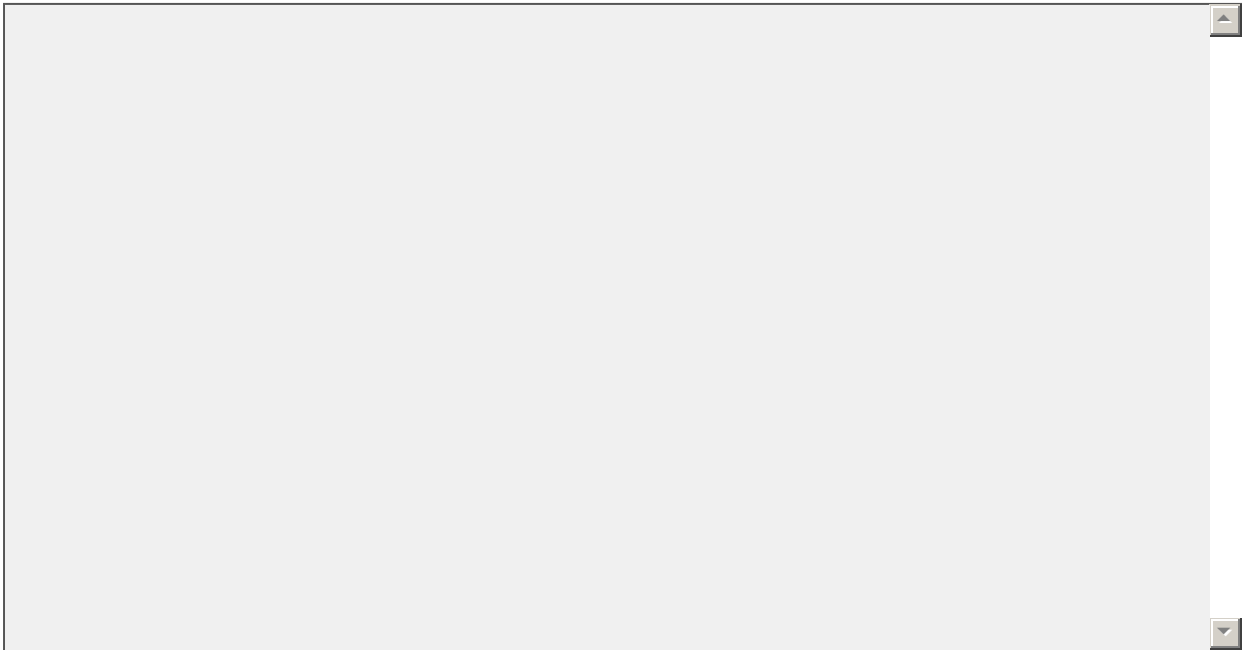

## Strategic documents

**14. Are joint study programmes mentioned either directly or indirectly in the strategic document(s)?**

- Yes
- No

**Strategic documents**

**15. Please, quote the statements or describe the context in which they are mentioned:**

## Implementation of joint study programmes

### 16. How many joint study programmes are implemented by your institution?

- None
- We do not know (there is no central collection of data)
- Please insert a number:

## Implementation of joint study programmes

**17. Are you able to answer further questions related to joint study programmes implemented by your institution?**

- Yes
- No, we are not able to continue answering

# Questionnaire on joint study programmes and their role in the institutional

## Implementation of joint study programmes

### 18. Please, indicate the number of joint study programmes implemented at:

Bachelor/first cycle:

Master /second cycle:

Doctorate/third cycle:

### 19. Please, indicate external financial sources that your institution use to implement joint study programmes at your institution (choose one or more options):

- Erasmus Curriculum Development (CD)
- Erasmus Mundus
- Bilateral cooperation with industrialised countries supported by the EU (e.g EU-USA, EU-Canada, EU-ICI ECP, etc.)
- Tempus programme
- No external support, own initiative of involved institutions
- Other initiative (please name it):

### 20. How many consortia running the joint study programmes in which your institution is involved, consist of:

2 HEIs:

3 or more HEIs:

### 21. Are any non-academic partners involved in the implementation of the joint study programmes at your institution (business partners, research institutions, public bodies, other non academic institutions)?

- Yes
- No
- Information not available

## Non-academic partners

**22. Please, indicate the number of joint study programmes which involve non-academic partners.**

**23. What types of non-academic partners are involved?**

- Business partners
- Research institutions
- Public bodies
- Other (please specify)

## Non-EU partners

**24. Do any of the joint study programmes implemented by your institution include non-EU partners?**

- Yes
- No

## Non-EU partners

**25. How many joint study programmes implemented by your institution include non-EU partners?**

**26. Please, list non-EU countries involved:**

# Questionnaire on joint study programmes and their role in the institutional

## Implementation of joint study programmes

### 27. What are the academic disciplines in which joint study programmes are implemented by your institution?

- Education
- Humanities and Arts
- Social Sciences, Business and Law
- Science, Mathematics and Computing
- Engineering, Manufacturing and Construction
- Agriculture and Veterinary
- Health and Welfare
- Services

### 28. How many joint study programmes implemented by your institution award the following types of degrees/diplomas (please insert a number):

Single national degree (diploma issued by one HEI only):

Double degrees (diplomas issued separately by two HEIs) :

Multiple degrees (diplomas issued separately by at least three HEIs):

Joint degrees (a single document issued and signed by two or more HEIs involved in a joint programme):

### 29. How many joint study programmes implemented by your institution enroll an average student number of (for the one edition of studies; please insert a number):

1 – 20:

21 – 40:

more than 40:

### 30. How many % of student are recruited from (approximate distribution; please note that 100% should be understood as the whole joint programmes' student body in):

countries taking part in the joint study programme (please insert %):

other European countries (please insert %):

non-European countries (please insert %):

# Questionnaire on joint study programmes and their role in the institutional

## 31. Looking at your institutions experience, what are the main benefits of developing joint study programmes? (max. 3 answers):

- academic peer review and quality assurance within the scientific field
- expanding the educational offer of the HEI through new study programmes
- building attractive academic environments for staff and students
- channel for student recruitment, attracting students for further studies
- increased international visibility of the HEI
- Other (please specify)

## 32. Comments (optional):

Thank you for your cooperation!
